COMPOSITION 100% PET (65% recycled content)

DIMENSIONS 94" or 95"(h) x 46"(w) x 0.47"(d)

FLAMMABILITY
ASTM E84 Class B

APPLICATION Vertical Surfaces / Screens

ACOUSTIC NRC: 0.20

SOLD IN Individually fabricated

DESCRIPTION ScreenTrak® Bass is a collection of beautifully designed, rigid screens. Available in a wide range of colors, ScreenTrak® Bass comes in 24 designs with the ability for custom designed patterns. ScreenTrak® Bass is designed for active sound diffusion, absorption and space definition.

BENEFITS

Designed for the environment: ScreenTrak® Bass is comprised of up to 65% recycled content. Easy to disassemble and separate into the appropriate recycling systems, ScreenTrak® Bass can be recycled.

- Cal 01350 Compliant
- Low-VOC
- Published with Mindful MATERIALS
- Declare CDHP Emissions Compliant
- HPD

Lightweight, Easy to Handle + Install: ScreenTrak® Bass is an intelligent alternative to traditional screens composed of multiple materials such as particle board, fabric, foam and adhesive. Compared to traditional screens, the semi rigid ScreenTrak® Bass is lower in weight, easier to handle and results in reduced transportation costs. Installation + Care Guidelines are available on our website.

Please Note: Each screen is available with multiple track hanging options using Unika Vaev's proprietary track system.

The rail for ScreenTrak® Bass is available separately upon request. The rail has the following dimensions; 0.75" x 1.3" x 108".

Spacing between the rail and the ScreenTrak® Bass panel is 0.125" when using the glide hardware.

Declare.
