**DESCRIPTION**

The Octave Baffle system is designed for universal mounting options, which includes the Unika Vaev Grid Suspension system as well as a wide range of installer supplied rail systems. Available in 15 color-ways and a variety of design options, Baffles provide flexibility in acoustic performance and aesthetics.

**Universal Installation:** Octave is designed to be mounted universally on any type of suspension systems. Unika Vaev offers a Suspension Grid System fully capable of mounting Octave into.

**Sound Absorptive:** Baffles come in various shapes and sizes. NRC ratings are contingent upon depth of and spacing between baffles.

**Designed for the Environment:** Easy to disassemble and separate into the appropriate recycling systems, Octave is made of 100% PET and can be recycled.
